Service Catalog Customer Forum

Thursday, June 28, 2007
9:30 - 11:00 AM

- Come and see the new DTS Service Catalog
- Learn about our vision for versions 2,3 and 4
- Provide your feedback - we value your opinion!

DTS would like to invite its customers to the rollout of our new Service Catalog. Peggy Just Peterson, the Project Manager for the Service Catalog Project, will join DTS executives and managers to present and demonstrate version 1 of our Service Catalog. It includes exciting features, including business descriptions, technical descriptions, information about rates and information about our service level management. In addition to our demonstration, we will share with you our vision for future versions and how we plan to maintain the Service Catalog.
